

**Master's Program
Land Management and Land Tenure
at TUM**

Graduation Ceremony 2004

**Master's Program
Land Management and Land Tenure
at TUM**

Graduation Ceremony 2004

**Master of Science
Land Management and Land Tenure**

We are family!

Master of Science Land Management and Land Tenure

Master of Science Land Management and Land Tenure

Master of Science Land Management and Land Tenure

Second Year:

- **More people!**
- **More cultures!**
- **More challenges!**

**Master of Science
Land Management and Land Tenure**

Two different years, different students,...

..., but similar experiences...

**Master of Science
Land Management and Land Tenure**

Being abroad...

**Master of Science
Land Management and Land Tenure**

A new language to learn:

**“When I spoke English to English teach he said
I’m not speak English because my pronounce
totally is wrong...”**

**“Thank you so much, this is very exciting news.
Ich bin sehr spannend – is that right?”**

“Ok, I’m gespannt and maybe not so spannend 😊

**Master of Science
Land Management and Land Tenure**

**Experiencing
German beer**

Quote from Charles: “Well Rathmony has now moved from the visible band into the infrared. We need Quickbird.”

Master of Science Land Management and Land Tenure

Lectures

Master of Science Land Management and Land Tenure

Group work

Master of Science Land Management and Land Tenure

Presentations

Master of Science Land Management and Land Tenure

New techniques had to be learned

Master of Science Land Management and Land Tenure

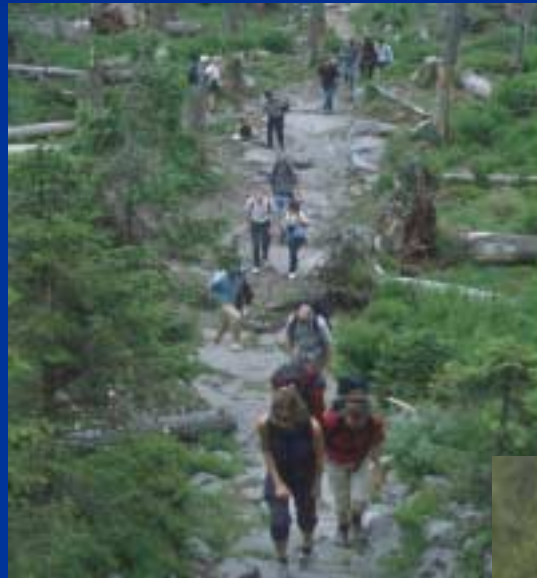

Practical exercises

Master of Science Land Management and Land Tenure

Exams

Master of Science Land Management and Land Tenure

Field Trips...

Master of Science Land Management and Land Tenure

... can be quite exhausting...

Master of Science Land Management and Land Tenure

... very rewarding ...

Master of Science Land Management and Land Tenure

**... or just
relaxing!**

**Master of Science
Land Management and Land Tenure**

One year away from home

???

Family?

???

Friends?

Job?

???

???

Natural disasters?

Politics?

**Master of Science
Land Management and Land Tenure**

Fare-well party

**Master of Science
Land Management and Land Tenure**

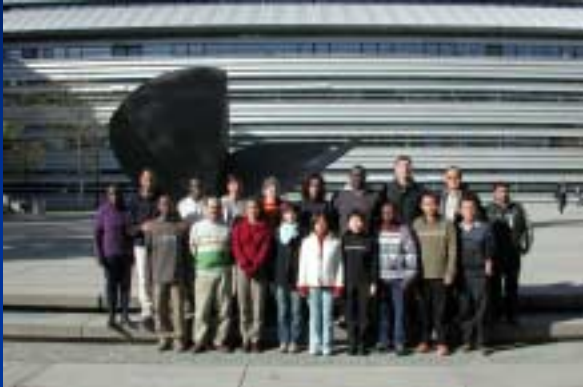

Research abroad (quotes from the field):

“I have conducted much research and have quite a few documents about...”

“Because of time, transportation and other logistical problems I am limiting my research to just the one area...”

“I would try to keep in touch and keep you informed of any changes and progress of my thesis work in particular and my life in general.”

Master of Science Land Management and Land Tenure

Next batch... new students... new challenges... similar...???
